

**No Small Matter:
The Role of Primary Care Clinicians in the First 1,000 Days
October 2-3, 2019**

Wednesday, October 2, 2019, 6:30pm – 8:00pm
Screening of “No Small Matter”

Register: [NoSmallMatter2019.eventbrite.com](https://www.eventbrite.com/e/no-small-matter-2019-tickets-6784471200)

Screening and panel discussion around the compelling film “No Small Matter,” which explores children’s brains in early childhood and how to push their needs to the top of our social agenda. Open to Forum registrants and the community at large.

ACCME Credit: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Academy of Pediatrics (AAP) and the Wisconsin Chapter of the AAP. The American Academy of Pediatrics is accredited by the ACCME to provide continuing medical education for physicians.

The AAP designates this live activity for a maximum of 6.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 6.0 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the American Academy of Pediatrics.

PAs may claim a maximum of 6.0 Category 1 credits for completing this activity. NCCPA accepts *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society.

This program is accredited for 6.0 NAPNAP CE contact hours of which 0 contain pharmacology (Rx) content, (0 related to psychopharmacology) (0 related to controlled substances), per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.

AAFP Credit: Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

Thursday, October 3, 2019, 9:00am – 5:00pm
The Role of Primary Care Clinicians in the
First 1,000 Days

Register: [First1000Days.eventbrite.com](https://www.eventbrite.com/e/first-1000-days-of-2024-tickets-757811111111)

The first few years of life are the “big bang” for development — 100 billion neurons being connected by synapses at a rate of seven hundred per second. And when a child lacks an engaging, loving environment, “toxic” experiences actually have the power to rewire her brain, with consequences that can last a lifetime. What does this mean for your practice?

Join clinicians, educators, researchers, public health professionals at our statewide Open Forum to explore the science, its implementation and how children can fare better in Wisconsin. Aspirational, practical – this event is open to all who recognize the value of investing in our youngest citizens.

- Addressing vaccine hesitancy
- Developmental screening and surveillance
- Early literacy and the Reach Out and Read Program
- Home visiting programs
- Infant and early childhood mental and behavioral health

Both events are open to all and will feature speakers and attendees from pediatrics and other primary care providers, statewide public health advocates and others dedicated to the quality of care for children and families in Wisconsin.

Events held at:

Waukesha County Technical College
800 Main St, Pewaukee, W, 53072.
