

# Parallel Process

\*Parallel Process content can include both supports and conflicts

\*\*Keep in mind that culture and race are social systems

- I'm feeling \_\_\_\_\_ , I wonder if someone else in the story might be feeling the same?
- Who is missing in the story?
- Listen for language patterns (e.g. the word "frustrated" popping up at different places in the story) and themes that arise.

Developed for the UW Infant, Early Childhood and Family Mental Health  
Capstone Certificate Program
